

Child Health Intervention
and Parent Support

Who are we?

CHIPS (Child Health Intervention and Parent Support) is a child centered, family focused early intervention service offered through Gateway Health Wodonga, Myrtleford and surrounding areas.

We provide assessment and support to expand on strategies that can support wellbeing of children and families.

CHIPS works with children 0 to 12 years and their families where there exist social, emotional or behavioural challenges.

Find out about our services

Who's eligible?

- Children 0–12 years requiring support with social, emotional or behavioural challenges.
- Children must have a parent or significant other willing to be involved and provide consent.
- Children or families do not require a diagnosis to be eligible for support.

What do we offer?

- Group work, art therapy, parenting support and programs, mindfulness strategies, drumming groups, and holiday programs.
- Case management: Long or short term.
- Community education, information for parents and schools, and mental health education.
- Supportive one to one counselling with children.
- Practical assistance and home based support.

How do we support?

1. Intensive, long term, early intervention support for children and their families.
2. Short-term assistance for families which includes assessment of needs, provision of information or referrals.
3. Community outreach, mental health education and community development activities.

How do you refer?

- Self referrals are welcome and all referrals will be managed by the CHIPS coordinator.
- All external referrals must be faxed to CHIPS at Gateway Health on 02 6024 5792.
- For any enquiries regarding eligibility prior to referral please contact CHIPS coordinator at Gateway Health on – 02 6022 8888 OR 0438 567 247
