

WayOut Wodonga Youth Action Group

The WayOut Wodonga project promotes the rights, mental health and wellbeing of same sex attracted and gender diverse young people in Albury Wodonga.

Our Youth Action Group is a group of passionate young people committed to making Albury Wodonga a better place for people of all genders and sexualities.

We're always on the lookout for new members, so if you're aged 18 - 25 and want to make a difference in your community, get in touch!

Never volunteered before? No problem!
Not a member of the LGBTQIA community? No worries. We need allies too!
