

# Clinic 35 - Sexual & Reproductive Health

Confidential | Safe | Accessible | Free

## Our Focus

Clinic 35 offers a confidential and safe setting to discuss sexual health concerns and receive comprehensive sexual and reproductive health care. Our clinic prioritises under-screened groups but is open to everyone.

## Your First Visit

You will be assessed by a registered nurse trained in sexual and reproductive health. The nurse will guide you towards the right support, whether it's our services, your own doctor, or other specialised services.

## Services We Offer
